

Product Information Sheet

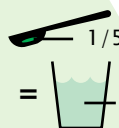

ECO RINSE AID

Concentrated Rinse Additive

Highly concentrated rinse agent promoting rapid drying. Suitable for use in commercial and domestic dishwashing machines with manual application or automatic pump. Formulated to eliminate residue and leave crockery spot-free from water marks.

DIRECTIONS

Set uptake tube through lid with enough length to reach the bottom of the container. The product auto-doses to machine. Add at a ratio of 1:1000 (0.1% solution, 1ml or 1/5 tsp per litre) to final rinse cycle.

1/5 tsp product + water

makes 1 litre
RTU solution

Auto dishwashing machines
