

Product Information Sheet

ECO AUTO DISHWASH

Concentrated Cutlery, Crockery & Glassware Detergent

Concentrated non-caustic auto dishwash detergent. A safer alternative to traditional caustic based cleaners. Unique formula suitable for a wide range of surfaces - cutlery, crockery, glassware, china, stainless steel and synthetic items. May be used also as a safe heavy-duty soaking agent for aluminium components. Septic tank safe when used as directed.

DIRECTIONS

This product auto-doses to machine.

Use in conjunction with ECO RINSE AID for optimum performance.

Baking and aluminum equipment soaking: use at a ratio of 1:1 with potable water and soak for a period suitable for the results desired. Prior testing of surface suitability for soaking application is recommended. All food contact surfaces must be rinsed with potable water after use.
